The legislature keeps making news this week with several successful override votes on Governor Perdue's vetoes. Hear what happened on how the Republican controlled House persuaded conservative Democrats to vote to override bills on medical malpractice lawsuits, abortion restrictions, and environmental regulations. And which veto held up on a straight party vote. Laura Leslie of WRAL-TV and WPTF News' Mike Davis join host Barlow Herget to discuss this story as well as the controversial and new redistricting map. The panel also takes on the most talked-about story this week, how and why UNC-CH Football Coach Butch Davis was fired.
