

DPI Looks For Feedback On English Language Arts and Mathematics Standards

By Administrator

Tuesday, 17 February 2015 07:46 -

RALEIGH, (SGRToday.com) - Parents and taxpayers have until April 30 to provide feedback to the Department of Public Instruction about standards for English language arts and mathematics instruction for students in kindergarten through 12th grade.

North Carolina is in the third year of implementation for its current Standard Course of Study and is at the initial stage of reviewing standards in English language arts and mathematics. Standards are typically reviewed for changes approximately every five years in each subject.
