

NC DMV Seeks Applications For New Wake County License Plate Agency

By Administrator

Monday, 15 December 2014 05:53 -

RALEIGH, (SGRToday.com) - The state Division of Motor Vehicles is seeking an independent contractor to operate a new license plate agency in the Wake County town of Holly Springs. Interested parties have until January 12, 2015 to apply.

There are now 122 agencies across the state, handling activities such as license plate renewals and title transactions.

To determine locations for new license plate agencies, the Division considers various factors such as the area's population and growth, vehicle population, distance to other agencies and community need. Routinely, it takes about four months to complete the application process.

Plate agency applications (Form MVR-93 or Form MVR-93AA) are located on the Connect NCDOT website.
