RALEIGH, (SGRToday.com) - State Democrats have revved up their grassroots activism efforts with creation of a "Blue Crew" effort to "spread our message."

Following is the text of an Email pitch distributed under the signature of new party Executive Director Kimberly Reynolds.

We are excited to launch the Blue Crew that supports the NCDP and helps spread our message.

During this summer, we will create a grassroots movement never seen before in our state. It's true that Republicans have plenty of donors with deep pockets. But we have you—and supporters like you all over North Carolina—and that makes all the difference. Don't wait, chip in as little as \$5 a month today.

In 2016 we have key races on our ballot and it will take a lot of muscle from grassroots supporters like you. We need help reaching as many voters as we can so we can stop the GOP.

By becoming a Blue Crew member, you have taken the first step to become politically active for the 2016 election. Some of the different ways that our Blue Crew members contribute is by:

- Donating as little as \$5 a month
- Spreading the word of our program
- Networking with their Neighbors
- Getting out the Vote
- Spreading the NCDP Message
- Hosting a Coffee
- Canvassing

So far, 163 supporters have stepped up to help us defeat the GOP in 2016. Will you join them today?

Thank you for joining us.

Kimberly Reynolds,
Executive Director
